

SCHOOL OF COMPUTER SCIENCE **HONOURS & AWARDS NIGHT**

MARCH 21, 6:00 PM – 8:30 PM

IMPROVE LIFE.

“An exciting time of renewal and change within the School of Computer Science.” A few recent highlights:

- The Reynolds Building, the home of School of Computer Science for decades, has undergone a (much-needed!) renovation, reopening this past fall
- UofG celebrated the creation of the Centre for Advancing Responsible and Ethical Artificial Intelligence (CARE-AI); the Centre will be partially based in the School of Computer Science
- SoCS is launching a new Master’s Degree in Cyber Security and Threat Hunting – the first of its kind in Canada – in Fall 2019

The logo of the University of Guelph, featuring the words "UNIVERSITY" and "GUELPH" in a serif font, with "of" in a smaller, italicized font between them. The logo is white on a black background.

UNIVERSITY
of GUELPH

IMPROVE LIFE.

To celebrate our many recent successes, we created the 'SoCS Honours and Awards'

- Why are we doing this, and why now?
- A chance to show off our newly renovated home, The Reynolds Building
- Recognize some of the many exciting achievements of our SoCS alumni, industry partners, faculty and students
- Build, and strengthen relationships with alumni and industry supporters; share the recent developments within SoCS & UofG with the wider community

IMPROVE LIFE.

How you can help with the event on March 21

- Attend, connect, be an ambassador for SoCS
- Share your research
- Help spread the word within your alumni and industry networks
