☰ RELEVANT EXPERIENCE WITH COURSE(S)

[List each course you are applying to, your previous experience with it (as a student and as a TA, if appropriate), relevant skills, and your availability]

CIS*1234 / Introduction to Something

- I have taken this course as a student (F16)
- Previous experience as TA in this course:
  - W18 – Dr. B. Somebody
  - F17 – Dr. Anne Other
- Relevant skills for this course (list explicitly from job description):
  - Programming languages: Java (moderate experience), Eiffel (beginner experience), R (advanced experience)
  - Experience grading introductory level written work
  - Previous experience with leading lab sections
  - Experience working with introductory students
- Availability:
  - I am available for all lecture times in Section 02 (M,W,F at 9:30am) in every week
  - I am not available for lecture Section 01 (M/W/F at 11:30am)
  - I am available for lab sections 01 (Monday 3:30pm), 03 (Wednesday 2:30pm) and 04 (Wednesday 4:30) in every week
  - I am not available for lab section 02 (Tuesdays at 9:30am)

CIS*2345 / Programming Intermediate Algorithms

- I have taken this course as a student (W17)
- No previous experience as a TA with this course
- Relevant skills for this course:
  - Experience in distance education courses
  - Programming languages: Eiffel (beginner), Forth (moderate experience)
- Availability:
  - I am available for all lecture times, (Tuesdays and Thursdays at 10:30) but only after week 3
  - I am available for both lab section times, in every week (S01 on Monday at 3:30, and S02 on Monday at 4:30)

CIS*4321 / Advanced Computing Ideas

- Have not taken this course, nor any similar course
- No previous experience with this course
- Relevant Skills for this course:
  - Programming languages: Forth (moderate experience)
  - Worked with SuperSoft tool used in course at co-op job placement, F16
  - Experience grading written work (at introductory level)
- Availability:
  - I am not available during the lecture times (Tuesday + Thursday at 4:30pm)
  - I am available during all lab periods, for every week (S01 on Mondays at 2:30, and S02 on Monday at 4:30)

ADDITIONAL TEACHING AND LEADERSHIP EXPERIENCE

Summer Camp Counsellor

- "Super Summer Camp for Kids", July/August 2013-2015

EDUCATION

[B.Sc.] | [University of Somewhere]
[FALL 2013] – [SPRING 2017]
Graduated summa cum laude

WORK EXPERIENCE

[Night Manager] | [FoodTown Restaurant]
[DEC] – [AUG 2017]
[Trained and mentored new staff. Planned shifts. Assigned duties according to staff interests and abilities.]

[Server] | [FoodTown Restaurant]
[SEP] – [JAN 2016]
[Learned restaurant skills, and created a set of notes that became a training manual.]

SKILLS

- Patient in dealing with people learning new tasks.
- I know several programming languages: C, Java, Haskell and now Eiffel and Forth.
- Highly organized. I love making lists, and checking that they are complete.
- I am a good planner.
- I have completed Red Cross lifesaving course

ACTIVITIES

I played varsity basketball when I was an undergraduate student, which builds teamwork and communication skills. I am studying a foreign language, which builds patience, understanding and listening skills.
